

# JACK O' LANTERN SCULPTURES

When you commission an Extreme Jack-o'-Lantern sculpture, you're not buying something off a shelf — you're commissioning an original work of art, hand-illustrated and carved just for you.

YOUR DESIGN  
CARVED HERE

Each commission includes:

- Classic size “pumpkin” sculpture (13.5” x 11.5”)
- A wooden base to display the Jack o’ Lantern (3”h x 6”w x 6”d)
- An LED bulb for safe lighting
- Your choice of carving. Clients must approve the design before carving begins; changes cannot be made once work starts. We reserve the right to decline designs not feasible in this medium.

**REALISTIC. HAND-CARVED. BUILT TO LAST SEASON AFTER SEASON.**

# FREQUENTLY ASKED QUESTIONS

## How do I receive my order?

Local pickup and delivery within Curaçao are available at no charge. International shipping is available; please inquire for a quote based on your location and order size.

## What materials do you use?

Jack o' Lantern sculptures are made from professional-grade high-density foam, the same material often used in theme parks and film sets. It holds razor-sharp detail that real pumpkins physically cannot, won't rot or attract pests, and withstands sun, humidity, and rain. Each piece is finished with exterior-grade UV and weather-resistant coatings.

## Are these really made by an artist?

Yes. Every piece is a hand-carved sculpture, hand-illustrated and carved by Altin Rizi, a fine artist and sculptor with a Master's in Arts from Paris and decades of experience in large-scale sculptural work. When you commission a Jack o' Lantern sculpture, he carves it just for you. You're commissioning an original work of art — one that represents many hours of focused creative work. No lasers, no machines, no shortcuts.

## Can you carve any design I want?

We love a challenge — bring us your ideas. Submit a photo or reference image and we'll work from it directly. That said, not every concept translates equally into a successful carving. We'll always give you an honest assessment and help you arrive at something extraordinary.

## Where are these typically displayed?

Our Jack o' Lantern sculptures are designed for both indoor and outdoor seasonal displays. Clients commonly use them for Halloween parties and private events, hotel entrances and lobbies, restaurant patios and bars, storefront displays, and to decorate entire communities for a memorable season of trick-or-treating.

## Can you make these in other sizes?

Yes! We can make them in different sizes beyond the classic Jack o' Lantern. Minimum order and additional fees apply. Inquire for details.

## Can I use these as the basis for a bigger Halloween event?

Absolutely! We love it when clients think big. Beyond the Jack o' Lantern sculptures, we design and produce full-scale Halloween experiences: custom large-scale props, event concepts, layout, and everything in between. Whether it's a hotel, a resort, a private villa, or an event venue, we'll help you create something your guests will never forget. Visit [funkypumpkins.com](http://funkypumpkins.com) to see samples of our work and what's possible. Reach out to set up a brainstorming session — the bigger the vision, the better!

## Can you help me figure out what to order?

Yes. We're happy to come by your space and help with placement, quantity, and design direction. Consultation is included with every commission.

## When will my pieces be ready?

In August, or earlier. Sculptures are made on a first-come, first-served basis. Orders after May 15 cannot be guaranteed.
